

Monitoring Statement

Use of the Internet in school is a vital part of the education of your son/daughter. Our school makes extensive use of the Internet in order to enhance their learning and provide facilities for research, collaboration and communication.

You will be aware that the Internet is host to a great many illegal and inappropriate websites, and as such we will ensure as far as possible that your child is unable to access sites such as this. We are able to do this using advanced software known as an Internet filter. This filter categorizes websites in accordance with their content; the school allows or denies these categories dependent upon the age of the child.

The software also allows us to monitor Internet use; the Internet filter keeps logs of which user has accessed what Internet sites, and when. Security and safeguarding of your child are of the utmost importance in our school; in order to ensure that there have been no attempts of inappropriate Internet activity we may occasionally monitor these logs. If we believe there has been questionable activity involving your child we will inform you of the circumstances.

At the beginning of each school year we explain the importance of Internet filtering to your child. Furthermore we explain that there has to be a balance of privacy and safety; we also inform them that we can monitor their activity. All children are given the opportunity to ask questions and give their viewpoint. We would like to extend that opportunity to you also; if you have any questions or concerns please contact Mr Watson, or Mrs Coles.
