

## Well-Being Survey October 2019

### Question 1:

Are you aware of the Well-Being curriculum that we have introduced at school?

Answered: 113 Skipped: 0

### Leadership Response:

We are pleased with this outcome and hope that a termly Well-Being Newsletter will help further.

### Question 2:

To what extent do you consider our focus on Well-Being to be a positive step?

Answered: 113 Skipped: 0

Leadership Response:

A superb response and we will therefore extend and really embed this focus as a key part of our school.

Question 3:

Does your child talk positively about our Well-Being sessions?

Answered: 113 Skipped: 0

Leadership Response:

As we introduce our different ways to Well-Being we think this will improve. For example, when we do “Be Active” we will all be learning new skills which will be more practical.

Question 4:

Q4

 [Customize](#) [Save as](#)

Do you feel you have been given enough information regarding our Well-Being Curriculum?

Answered: 113 Skipped: 0

Leadership Response:

Hopefully our termly Well-Being Newsletter will help with this. We would then expect a significant difference in the survey outcomes.

Question 5:

Thinking more widely, do you think your child is well looked after at school?

Answered: 113 Skipped: 0

Leadership Response:

Whilst only 3% of responders felt their child is not well looked after, this is 3% too much. Miss McDowell will make a direct appeal to those parents to contact her to try and remedy this in her first Well-being Newsletter.

Question 6:

## Do you feel confident in approaching the school if you have concerns about your child's Well-Being?

Answered: 113 Skipped: 0

### Leadership Response:

As with our response to question 5, Miss McDowell will endeavour to reach out to any families who don't feel confident to approach us.
